July 2003

Meetings of the AGS are held the 3rd Tuesday of every month at the Vestal American Legion, Changes to time or location will be noted in this newsletter. Business meeting at 7:30 P.M., program to follow.

AGS Annual Picnic:

By: Jim Quinn

All are welcome! Be sure to bring your entire family, all your neighbors, even your neighbor's dog. Our annual picnic is one of the best club events we host each year. This year should be our best picnic ever. The only problem with the picnic will be if you do not come. Make this a must do day.

Flying will begin at noon and close at 4:00 when children's games will begin. As a safety consideration for our children we will suspend flying after 4:00. The hors d'oeuvres last year were outstanding and you really missed a feast if you were not at last year's picnic. Don't make that mistake this year.

Once again Phil's Chicken House will be catering our dinner. Delicious is enough to describe Phil's wonderful dinners. Our children's games are always a lot of fun for our kids and even for the courageous adults willing to participate in the games themselves.

This year we have a special entertainer, Bill Frye. His show is called "It Feels Good." Bill should give us a great time following dinner. He performed at "First Night" bringing in our New Year. His outstanding performance led him to us. Don't miss this hour of fun and entertainment.

Our evening always closes with a campfire, snacks, and singing. Our 2003 picnic should be great. Please join us.

For reservations be sure to call Jim Quinn at 786-0995. The deadline for reservations is August 16. Call today; don't delay.

Celebration of Flight - 2003

by Doug Breneman and Bill Oltmer

Great fun, great prizes, great weather, and great food! A great time was had by all who were able to attend our annual Celebration of Flight on July 5th. Ten pilots flew this year in two teams of five named - Just Starts and Captain Underpants.

This year we planned on six events but flew just four: Mystery Spot Landing, Two Minute Drill, Tag Team Pylon Racing, and Drag Racing. The Limbo was canceled due to the wind breaking the crepe paper. The Balloon Pop was canceled due to time. (Okay, we got hungry.)

This year's competition was very close. Just three points separated the teams with scores of 26 to 29 for the Mystery Spot Landing. Only 26 seconds difference between the teams in the Tag Team Pylon Race. (Rick A. was taking names for the STRC.) The winning team for the Drag Race came down to the last heat. The only event that was not very close was the Two Minute Drill with Just Starts having a delta time of only 31 seconds for five racers and Captain Underpants having a delta time of 106 seconds. Overall, the Just Starts won 3 of the 4 events.

All participants received an ARF as well as a choice of prizes. Lunch included hot dogs, baked beans, macaroni salad, potato salad, chips, and soda. Special thanks to Laural Oltmer for making the hot dogs and baked beans.

All who came had fun, and there is room for you next year.

AGS Meeting #672 June 17, 2003

The meeting was held at the AGS Field and was called to order by president Terry Terrenoire at 7:30 p.m. Present at the meeting were approximately 24 members and one guest.

Meeting Minutes

Approved as published in The Connector.

Officer Reports

VP's report:

The AGS Library has been moved to G. J.'s Hobbies. An inventory of the items in the library is pending.

Updated bylaws for the club will be voted on at the next meeting.

Secretary's report:

The board meeting minutes from May were read.

Treasurer's report:

The treasurer's report was given by Paul Cushing and was accepted.

Committee Reports

Membership

No membership vote will take place at this meeting.

Activities:

The points standing at our last Pylon Race was as follows:

First Place: Terry and Art Riegal
Second Place: Don Stento
Third Place: Jerry Roscoe

The annual *Celebration of Flight* will be held at our field July 5th. We would like to have as many members as possible attend the event.

It's not too early to start thinking about the annual Float Fly

Program

Chris Zonio from the Binghamton Aeros has accepted an invitation to present a program on turbine model engines at the August meeting.

Annual Pattern Contest

The contestant turnout for our annual contest was smaller than usual; about 17 people entered. One contestant left the contest because of the amount of full scale flying that delayed the proceedings. Nevertheless, a good time was had by all and the club received an e-mail commending us on the quality of the contest. Terry Terrenoire publicly thanked Scott Blazicek and Frank Gioffredo for their work that helped make the contest a success.

Congratulations to Scott Wallace who won the Sportsman class on both Saturday and Sunday.

Old Business

None.

New Business

Flight School Instructor Picnic

The appreciation picnic for the Flight School instructors and helpers will be held July 24th at 7:30 pm.

Next Meeting

The next meeting will be held at the AGS Field on July 15 at 7:30 p.m.

Show and Tell

Bob Balsie displayed his partially constructed Citabria which is being built from a Sterling kit.

Terry Terrenoire showed his Synergy aerobatic model. It is painted with PPG Concept paint and uses a YS140L for power.

Bill Markovitz displayed a method to prevent the loss of a section of the muffler on OS Max engines.

Ed Helinski demonstrated a transmitter holding fixture which he has fabricated from polycarbonate tubing. If you are interested, please see Ed for details.

Art Riegal showed the damaged diaphragm from the fuel pump in his aerobatic ship.

Show and Tell Raffle

The show and tell raffle was won by Terry Terrenoire.

Program

A demonstration on running the tractor and the mower was given by Art Riegal and Frank Gioffredo.

STRC Pylon Racing By Rick Allabaugh

On June 24th, we held our 4th STRC Pylon Race. My thanks to all of those who helped out that night. We were a little under-staffed, but we managed to get things done. We had five pilots racing and about 10 support staff to help us out. Racing for the night was very competitive between the fliers and no single person seemed to dominate the races. Bob Noll and the Viagra racer had some stiff competition, but in the end it was Bob's ability to fly a tight line that gave him a slight advantage.

The points awarded for the night were:

Bob Noll: 9 pts
Jim Quinn: 8 pts
Art Riegal: 5 pts
Terry Terrenoire: 5 pts
Jerry Roscoe: 3 pts

Below are the standings for this season Winston Cup Series:

1st place: Tie between Bob Noll and Terry Terrenoire (27 pts)
2nd place: Jim Quinn (20 pts)
3rd place: Art Riegal (17 pts)
4th place: Don Stento (14 pts)

Busch Grand National Series:
1st place: Jerry Roscoe (9 pts)

The next races are:

August 5th and August 19th, 6:30 PM at the field

Updated AGS By-laws by Doug Breneman

Thanks to those members who gave me feedback on the proposed changes to the by-laws. Only articles 16 and 17 have been affected by these suggestions. Below you will see the amendments. These amendments along with the proposed by-laws printed in the June edition of The Connector will be voted on at the next meeting.

Article 16: RESIGNATION, TERMINATION, DISCIPLINARY ACTION, EXPULSION AND REINSTATEMENT OF MEMBERSHIP

16.1 Any member in good standing may resign his/her membership by giving written notice to the AGS.

16.2 If any member ceases to have the qualification necessary for membership in the AMA, his/her membership in the AGS shall thereby terminate, subject to reinstatement upon restoration of eligibility.

16.3 This section provides for enforcement of the Safety Rules that are related to flying activities. Any other unacceptable behavior by an individual member or members, as defined by the Board of Directors, become the responsibility of the Board of Directors. Any individual may be expelled from membership from the AGS by

a two-thirds (2/3) majority vote of the Board of Directors if, in the Board of Directors' determination, such individual willfully commits any act or omission which is a violation of any of the terms of these Articles of Incorporation and By-laws, or the Rules of the AMA, or which is detrimental to the AGS, the AMA, or model aviation.

16.4 Any member who is expelled from membership may be reinstated to membership only by two-thirds (2/3) majority vote of the membership.

16.5 Voting will be by secret ballot at a regular monthly meeting.

16.6 The Board of Directors shall have the discretionary authority to provide for and to impose disciplinary action for such acts or omissions, which do not justify expulsion from membership.

Article 17: GRIEVANCE PROCEDURE (FLIGHT AND GROUND SAFETY RULES)

17.1 Purpose

The grievance procedure provides a mechanism to enforce existing safety rules by providing a progressive

disciplinary system when needed. Although most complaints can be resolved informally, if a complaint is serious or cannot be resolved informally, the matter should be referred to the Safety Committee for its consideration by means of a Grievance Form to be filled out and turned into the Safety Committee Chairman.

At least one witness is required to sign the Grievance Form.

17.2 Safety Committee

The Safety Committee shall use its judgment in carrying out action on the following:

17.2.1 A grievance form will be filled out and turned into the Safety Committee Chairman. At least one witness is required.

17.2.2 FIRST VIOLATION

a. Viewpoints of both complainants and accused will be considered.

b. Complainant's name will be disclosed.

c. A verbal reprimand will be given to the accused by the Safety Committee, and this will be recorded in the Committee files.

17.2.3 SECOND VIOLATION

a. Complainant's name will be disclosed.

b. The accused has the right to a written rebuttal, to be reviewed by the Committee.

c. If the Committee so decides, the flying privileges of the accused will be suspended for thirty (30) days. Written notice of this shall be issued and a copy published in the AGS newsletter.

17.2.4 THIRD VIOLATION

a. Committee will notify the accused in writing and the AGS members via the AGS newsletter that the AGS will vote on the expulsion of the accused at the next meeting.

b. Said expulsion will last for a one-year minimum. (Longer if deemed necessary by the Board of Directors).

c. The expelled member may reapply for membership after the expiration of the expulsion time period.

17.2.5 The three actions will not be enforced unless they are accumulated within a two-year period of time.

17.2.6 Any member receiving a Grievance, who directs any retaliation action against the person filing said Grievance, will be subject to immediate expulsion from the AGS. This is to include threats, intimidation, physical harm, intentional equipment damage, or any other action deemed to be retaliatory by the Board of Directors.

Program

By Rick Allabaugh

Weather permitting, Marc Trudeau will be giving flight demonstrations of his discus launch glider. For those who couldn't make the Aerobatic Contest on Saturday, he gave us a flight demonstration during a break in the action. After his flight demonstration, Marc was telling us about some of the heights and flight times top pilots can achieve using this unique method of launching gliders. Marc has recently competed in his first contest and will be sharing some of his thoughts on this. So plan on making the next program and learning more about these silent fliers.

**THE DEADLINE FOR
SUBMITTING ARTICLES FOR
THE CONNECTOR IS THE
1ST MONDAY OF EACH
MONTH**

Cancellation of AGS Meetings: In the event of poor weather, listen to the radio or television for local closings and cancellations. If Broome Community College night classes are cancelled, then the AGS meeting is cancelled.

AGS 2003 Field Maintenance List

**YOU WILL NOTE THAT THREE PEOPLE ARE ASSIGNED TO EACH MOWING TEAM
LEAD TEAM MEMBER MUST BE FAMILIAR WITH TRACTOR AND MOWER OPERATION.**

Responsibilities:

- 1) Ensure that all mowing is completed between Thursday and Saturday noon.
- 2) Use the tractor/flail mower set at low height for runways.
- 3) Use tractor/flail mower set at high for parking area and around small pavilion.
- 4) Use the tractor/flail mower set at high for road to pavilion and around large pavilion.
- 5) Use hand mower for area near fences and around both pavilions.
- 6) Use personal weed whacker if possible around bottom of fence and pavilion posts.
- 7) Clean outhouse with water and detergent, sweep floor and replenish toilet paper.
- 8) Report any problems to Frank Gioffredo, Field Chairman, at 748-9858.

MEMBERSHIP REPORT

by Tony Cammarata
Membership Chairman.

New Regular Members. None

Associates To Be Voted On For Regular Membership. None

New Associates. This month we have one. He is Michael Kunzman. Yes Michael is related to Wayne Kunzman. Michael is 22 years of age and has his AMA license. He does not need instruction and would like to have a nice place to fly, and meet other folk interested in the hobby. Well Michael, you have come to the right place to meet your needs. Michael says he wants to obtain more experience

flyng, and is looking to advance to aerobatics and combat flying.

Michael's sponsors are Wayne Kunzman and Matt Struck, and he is assigned to the activities committee. His home phone number is 785-3949.

Visitors. We had one and it was Mike Kunzman who has since joined us.

Enjoy our freedom, but remember it needs our help; it is defenseless.

Flight School Picnic
By Gib Vandling

The AGS flight school students traditionally host a picnic for helpers and instructors. This year's picnic will be held July 23rd at six o'clock at the club field. That is the fourth Wednesday of the July.

The plan is to recruit a student volunteer to co-ordinate the food. He, in turn, will contact this years students to assist in the preparation and execution of the picnic.

This is always a very popular event so don't forget to mark your calendars.

Aeroguidance Society Annual Picnic August 23

12:00 Flying
4:00 Children's Games
4:30 Hors d'oeuvres
5:00 Dinner
6:00 Bill Frye
7:30 Campfire

Costs:

AGS members \$5.00

AGS Families \$10.00

Guests \$10.00

Reservations by August 16
Call Jim Quinn 786-0995

Frank Gioffredo:
By Jim Quinn

The AGS does not have a phase of operation called: Member of the Month, Member of the Year, Outstanding Member, etc. If we did, however, any award, any accolade, any recognition that could be given should be given to Frank Gioffredo for the absolutely amazing work he did to make the 48th annual AGS Aerobatic Contest a success. From the first alert that we lost our Blue Swan Airport site, to policing the area late Sunday afternoon at the Sidney Airport site after this year's contest, Frank Gioffredo was there every step of the way.

I admire Frank for stepping up to fill Bob Noll's shoes when Bob found out that he had a conflict with the AGS Aerobatic Contest and a national commitment for the AMA World Aerobatic Team Selection. Bob had to be in South Carolina and so the assistant Contest Director, Frank, became the Contest Director in an instant.

What did Frank have to deal with? If all Frank had to do was find a new aerobatic site that would have been more than enough. That he had to do it in such a short span of time would have been too much to ask. But such was the case for our 48th annual contest. So now the new site at Sidney was secure, well, not exactly. There needed to be a meeting of the village of Sidney to get approval. After what seemed like an extended delay, the village actually did approve our use of the airport for the contest. Hurdle one was over. Or was it? In our initial contact with the airport manager Bob Noll, Art Riegel, and I had discussed camping at the airport. It was agreed upon where we could camp. When the village gave the approval, however, they did not allow camping at the site, so alternate camping needed to be secured.

Frank did another scramble and found great camping facilities for our contestants. Now how could he communicate this? Go to our website, of course, and put it there. Were a few phone calls in order? Quite a few to be correct. These were mostly long distance calls that the AGS will never know about.

Now we have an aerobatic site and places to camp. As the song says, "We've only just begun..." All our old sources for ancillary items were in Sayre, but our site was now in Sidney. Where would the dinner come from? What about something as simple as finding tables? This list is too long to enumerate all the problems Frank had to face and resolve. Did Frank have help? For sure, but the buck always stopped at Frank's front door. Artie Claudino was terrific for resolving a wide assortment of logistical problems. Even with Artie, however, the buck was still stopping with Frank.

Oh! Did I mention the fact that our sanction from AMA was submitted far in advance by Bob Noll for this contest? The sanction, however, was for the Blue Swan airport. We all thought we were having our contest at Blue Swan. It all had to be changed at the last minute to the Sidney airport. This was more than a scramble to say the least. Between countless phone calls, faxes and emails we finally had the sanction and the appropriate insurance coverage for this even.

Let's fast forward to Friday as we were preparing to set up the aerobatic site for the weekend's contest. Who was at the AGS field picking up all the items that were stored in our garage since the last contest? Frank, of course. We all know that Frank is a big and powerful person. Every ounce of his strength was used in getting our equipment from our AGS airport to the Sidney airport.

Now the site is set and ready for the weekend's flying. Were all of Frank's problems now over? One would like to think so, but in another sense his problems were only just beginning. There was weather to contend with and the threat of weekend rains. Happily the rain held off for the weekend, but there were other problems. We were at an active airport. We had the support of the airport management and of the village. There was an instructor, however, who thought we shouldn't be there. There were student touch and goes all morning. This was a great frustration to the pilots who came from all over the northeast to fly. Most unfortunately Frank took the brunt of their complaints and even harassments. It was one final nail in the coffin that was trying to bury Frank. Finally Frank declared that we were on a one-hour lunch break and flying would resume flying after our second series of student touch and goes.

Happily for the contestants it finally boiled down to flying against the winds and ourselves for scores with the judges. The balance of the contest went smoothly, all thanks to Frank's indomitable spirit and determined attitude to succeed. Looking back at our 48th annual Aerobatic Contest we can say it was a success in spite of itself, but with great gratitude to Frank Gioffredo.

One closing thought that I know Frank would insist on. No one person puts on such a massive undertaking as an aerobatic contest. Frank had a lot of help from many, many outstanding club members. People like Bob Noll who did so much background work before he left for his national responsibilities; Terry Terrenoire who always does such a great job with our food; Art Riegel and Bob Jennings for their great job mowing the site, etc. There were so many great people in charge of so many support areas, but there was one man who finally was responsible for it all and every AGS hat needs to be taken off to Frank Gioffredo for his Herculean efforts to make our 48th annual aerobatic contest a success. Frank, you are the best!
